Meeting Format and Post-Meeting Documentation

Meeting Format

- Materials may be circulated in advance of each meeting to help members prepare
- Meetings will minimize presentation and focus on discussion
- Meetings will be open to the public and time will be reserved for public comment

Post-Meeting Documentation

- Meetings will be recorded (including Q&A) and recordings will be posted on the DxF website following the meeting
- Materials for each meeting will contain a summary of "what we heard" in the previous meeting in the series
- A summary of the meeting discussions and recommendations will be posted when the series is complete

Standards Workgroup

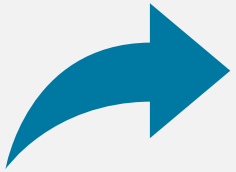
Composition, Cadence, & Output

Composition

- Subject matter experts with technical and operational experience in standards implementation and adoption representing ambulatory providers, hospitals, plans, SNFs, behavioral health, FQHCs, EMS, social services, EHRs, QHIOs, CIEs/SHIEs, other intermediaries, national initiatives, and CalHHS departments

Meeting Cadence

- HCAI anticipates six, one-hour meetings held every three weeks.
- For continuity, members are asked to prioritize attendance at all meetings if possible.



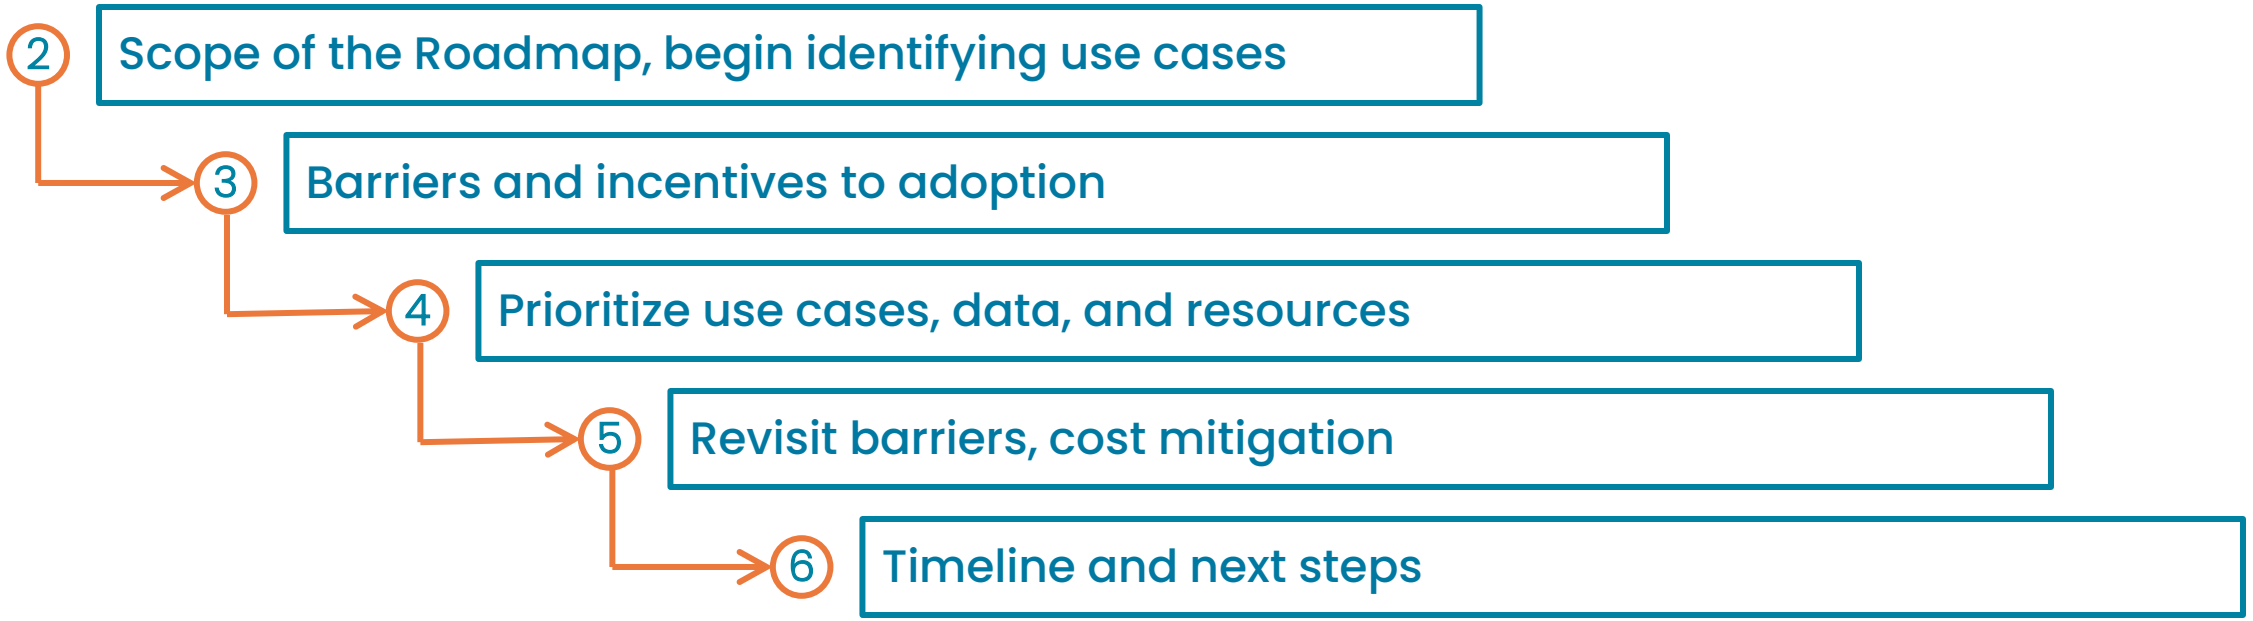
Output

- The Standards Workgroup advises HCAI the evolution of technical standards for potential inclusion in the DxF and its P&Ps.

2026 Standard Workgroup Objective

The objective of this meeting series is to advise HCAI on a **Roadmap for Fast Healthcare Interoperability Resources (FHIR) Adoption** including priorities for use cases, adoption strategies, cost mitigation, transition from legacy standards, and timeline for adoption.

Tentative Topic Roadmap



Topics will be adjusted as our discussions progress.
Are there topics we should consider adding to the list today?

DATA EXCHANGE FRAMEWORK

FHIR Success Stories

In what sectors and for what use cases has FHIR been successful?

What does success look like for FHIR adoption for the DxF?

What are the barriers to success?

Public Comment

Next Steps

The DxF Team will:

- Post meeting materials and recording to the DxF webpage.
- Share pre-read materials for next Workgroup meeting with members.

Members will:

- Be prepared to discuss the DxF use cases that present the greatest opportunity for FHIR adoption.
